

## Run 2197, Monday 3<sup>rd</sup> August, 2009

**Location:** North Steyne Surf Club

**Hares:** Bunny Trapper helped by JTR & Music Man

“Meanderin’ and Munchin’ in Moochin’ Headquarters”

Instead of waiting for the starters guns all eyes were on the lookout for startling buns as they paraded past the club house. With a few exceptions it was a bit disappointing really. Then, showing typical poor navigation and naivete for believing a stand-in hare, the whole pack took off in the wrong direction, south down Manly Esplanade. **Last Card** was heard to spray, “Not North head Again so bloody predictable”. But, finding nothing to keep their interest all had to turn around and passed so dangerously close to the Bucket & On On that several of the moochers, including **Smackers, Muff & Dr Jurd** peeled off and congratulated themselves on their strenuous effort for the night.

Finally heading in the right northerly direction, on up to Queenie, over the sand and up the steps to Queenscliff Rd, **Anonymous** was in familiar territory. **Plunger** and **Cinderella** took off and were never seen again. The walking wounded, aka **Scud, Frenchie, Pee Dub**, et al tried to follow the R arrows only to end up on the cliff top and back up the hill, running into Carnarvon Walk weary **Changi** who sincerely appreciated being called back to look at the view..

**Grape** was cursing his inability to find arrows that everyone else found easily. Only a handful stopped to admire the view over Freshie Beach, before plunging down into the breakers and along Harbord beach. **XXXX** refused to run along the beach -wanted to keep the sand out of his shoes poor boy!.

Around the headland via the baths and rocks at low tide, with runners and walkers being serenaded by the drunk who had just rolled out of the RSL and was trying to get his car into gear. **Centrepont & Tic Toc** having been to see Kevin Bloody Wilson at the club last week, were wandering around wondering if maybe he was still performing.

**Tic Toc** found the arrows and led the late mob onto the boardwalk up to Sth Curl Curl Clubhouse, where runners and walkers split – walkers up another steep set of steps and runners along Curl Curl Beach to the turnaround and back along the foreshore.

**Simmo** showed a clean pair of heels to the walking runners on the way back down to Queenie. **General Disaster** predictably got lost and yet again last home.

The trail was well arrowed by the hares and set along a stunning shoreline that makes for a good meander by day and sparkling moonlit run by night. There were enough ups on the stairs and hills to give runners and walkers a few good calf stretching challenges.

Great On On with good wine, excellent steaks, and airy fairy pasta for the seafood lovers. **Muff**, unofficial anything but self appointed spokesman for the moochers, welcomed all to his other home and then somehow managed to get served first. What happened to common courtesy allowing your guests to the trough first?

### Down Downs:

**Hares:** A whole Wig of them, JTR & Bunny Trapper & Music Man

**Visitors:** Crumb

**Moochers:** Muff, Dr Jurd, Smackers –the only moochers honest enough to fess up.

There were more denials than in the Rugby League.

**Martin and Staff:** Great Tucker, pity about the water!

Where did we find all these water drinkers?

**Jungle, Changi, Grape & Goonshow:** for walking instead of running Carnarvon Gorge
