

## Run 2199, Monday 17th August, 2009

**Location:** St. Ives Village Green

**Hares:** Son Of A Gun & Colonel Sanders

“ This virgin is finger lickin’ good ...”

This was **Son Of A Gun’s** virgin run, ably assisted by that old tart, **Colonel Sanders**.

OK, **SOAG** had helped **Salt peter** set a summer run, but that was only the Hash equivalent of foreplay. This run was the ultimate consummation of **Son Of A Gun’s** recent induction as a new member of the Posh and ‘voila’ ...virgin no more.

Strong winds had stripped the trees on the Village Green of the paper trail, leaving the front runners struggling to find their way in the dark. Finally, **Witches Tit & Copra** (yep Copra) called enthusiastically as they coaxed the pack across Killeaton & along Memorial Ave. A nasty check-back down Raleigh Cres. after the school loop, allowed **Scud, Spud, Swampy & Tooth Fairy** to stay in touch with the athletes.

**Jungle Jim**, having been caught down the check, struggled for the rest of the night to regain his composure. This was still evident at the On On with his blustering diatribe about the flouting of Hash rules (“what bleedin’ rules” I hear you ask). **Goanna & Lost Patrol** were in their own little world, having a serious discussion about vibrators (which I think unfortunately, was more related to fast setting concrete than sex...get a life boys!). The Hares got the Hounds away from Home quickly with clever use of twists & turns that masked the fact that the trail was heading ever northward.

A check at Toolang Park fooled nobody, well nobody except **Super Glue & Lightning** who offered a perfunctory look down hill before responding to the On On call from **Kitty Litter & Music Man**. Leading the second wave of runners, **Goonshow, Calici, Nautilus & Yakkity** needed some convincing that the trail did continue down the ever steeper Toolang hill.

**Darwin, Arbitrator & Bum Crack** unfortunately bailed out as the trail headed ‘bushward’ but any Hashmen who did, missed the pieste de resistance of the run. **Pedantic** (making a welcome return) **BTG, General De Gaul & Virginus Illigitimus** all followed the walkers trail left & were treated to some wonderful, wide open parkland that led ultimately to the Home trail. A great find by the Hares.

Runners went straight across the creek & on up along the fire trail (imagine doing this after rain). **Goanna**, as always, refusing to carry a torch, blundered on in the dark, until saved by **Khyber**. Meanwhile, **Wrappa** regaled **Scud** with stories of his new found, highly exciting life as a Grey Nomad...the highlight being Bingo Night at the Gympie Bowlo. Problem is, **Wrappa** seems to be suffering from terminal relaxation & **Scud** is worried that he won’t even survive to the AGM.

The Hares came over all poetic late in the run, taking the boys down Keats, Shelly, Burns & Apps Streets. Who the hell was Apps? For the uneducated, Stanley Apps is best known for that wonderfully intellectual piece, “Eskimo Nell”...so there!

Not yet done with the bush, the Hares took the pack away from busy Burns Road, through the scrub to link up with the walkers trail & on Home...except for **Fox Face** going wrong way down the walkers trail, only to be saved by the **President**, mercifully calling him back.

Footnote:

A cleverly set run and full marks to **Son Of A Gun**, who put a lot of effort into first recce-ing and then fine tuning it with **Colonel Sanders**...always a good thing to do. Again, the use of short but good bush sections, stairs, parks & schools enabled the Hares to link dead-end streets into a cohesive, creative trail.

Apré run comments confirmed that the Hounds had experienced a great virgin run and just the right length for winter.

### **TM's Tips:**

If you've never been TM, you'll never know!

**Illucifer** TM to the Gentry who just can't get the bush out of their blood

### **Down Downs:**

**Hares:** Son of a Gun & Colonel Sanders

**Tic Toc:** For running into a tree AND that was before he lost his glasses

**Music Man, Kitty, Carefree & BTG:** Even with the help of TTs glasses still ran on within 10 metres of the bucket without seeing it.

**Goonshow & Little Shit:** for hiding together in the bushes (strange that!!)

**Wrappa:** The grey nomad returns having running out of hash funds.

**Jungle Jim** swung thru the trees and into gorilla type action flashing his sweaty armpits with some rubbish about a hundred rules. He seems to have forgotten there are no rules. Conventions maybe. But aren't conventions where everyone gets pissed and forgets everything – sounds like a Hash On On.

Well done Virgin hare & old master

They don't make trees where they used to

At least they didn't miss their mouths

I know what I was doing in the bushes

Ruddy complexion, a few extra kilos

A point of order – not bloody likely

Some of the satiated masses

Wiled about Ivy.
