The Ball

The Thirsty Ball is on on the 28th November
Speak to Scud and try to organize a table!!

For other details check the website (the EVENTS page is feeling neglected)

The Past

What follows is an account of the hugely successful run (2203) held from the Longueville Bowlo "The Diddy" (did anybody notice the street names):

Hey - Mr Tamborine Bay Man

On a mild spring night the usual suspects gathered at the sometimes alternative POSH Sunday club house to participate in a m.a.r.v.e.l.o.u.s (as **Centrepoint** would say) scenic run. Led by **Cinders**, **Flying Scotsman** and some local knowledge from **Saltpeter** the pack enjoyed the sights of Northwood, with **Plunger** going down on Lorna Leigh early on. Christina, Anne and Francis felt ravaged before a few careless runners turned back on Cowper.

The runners split off down "Dunnies" doing a loop around Woodford Bay before Mary was set upon by **Moshie & Khyber** on their way to Tamborine Bay. Back with the walkers again the trail snuck into the bush on a magnificent trail along the aforementioned bay. **Music** had the sounds of Dylan washing through his head as he passed the out of service swimming baths.

Running around Riverview College, and past the rowing sheds, we were obviously too early for the teacher-pupil night games or maybe being too old we scared them off.

Hanoi Bill accompanied by **Copra** decided the bush trail needed a trim so he carried his new found "whipper snipper" on the entire run (not to be confused with the young whippersnapper he found at the college). Maybe this should be compulsory for all future summer runs.

Our new found athlete **Bunny Trapper** excelled and is now registered for the Masters Games in October, hoping to keep up with **Darwin Don** who was also out training.

Back at the Sunday Club House even a Final Tennis match at Flushing Meadows couldn't interfere with a great night of fine food, humour and an excellent run from the hares: **White Shit** and **Centrepont**. *The food, just the right thing for the mob, served at the right time, and plentiful, just shows what can be achieved when the Hares get involved and take charge of the entire evening so that it works as a whole. Awards/prizes will be presented throughout the year to hares who step up and provide a good evening (ed)*
