

## Posh News 2223 – 1<sup>st</sup> February 2010

### A bunch of Grapes leaves the Posh all Smiley

#### The Run

A perfect mild Monday night in the Forest with Duffy. The hares **THE GRAPE APE** and **SMILEY** found a delightful spot in amongst the secluded gum trees with just a little bush aroma that smelt something like compost or was it **GOONSHOW'S** aftershave?

One by one the usual early arrivals appeared **DARWIN DON**, who left Coogee on Sunday to be here on Monday, **ILLUCIFER**, who is obviously under much pressure at work, and then **YAKKITY** who is next in line for president of the Northern Beaches Hash, followed by the staunch committee men **FRENCHIE** and **FLYING SCOTSMAN**.

Into the bush we ran, but only after the leading runners like **KITTY**, **PLUNGER**, **SUPER** and **CINDERELLA** missed the very well marked trail, and had to *re-enter the bush* (lucky fellows). The walkers all jeered them back and took the first of many shortcuts.

On what was possibly the flattest run ever, not including the girl on the horse, athletes such as **SCUD**, **BUMCRACK**, **TOOTH FAIRY**, **TYRE FRUCK** and **MR NEAT** excelled themselves on the winding bridle trails. Along the way **PHILTHY** was heard to be planning his next golf holiday, while **SPUD** and **HOARSE WHISPERER** talked dirty about deep excavations and **WRAPPER** and **KHYBER** sprinted along the runners trail. With a gentle downhill along the "No Trespassers" fence to the Japanese Golf Club **CENTREPOINT** was seen breaking into a gallop, obviously affected by the bridal paths. **AYATOLLAH** and **CAPTAIN BLIGH** looking rather green emerged at the bucket complaining about the SCBs but looked to have enjoyed the numerous runners loops.

Back at the bucket, which **LAST CARD** graciously brought, everybody agreed that there had been great country trails, 7.25km's worth according to the **LOST PATROL**.

The Great (or was that **GRAPE**) Seafood restaurant in the forest, with the help of the tireless committee was a huge success with mouth watering fresh Tasmanian Salmon, home made Caribbean salad and Bathurst Potatoes with a delightful Sicilian special sauce, followed by a superb vintage Rhine Riesling from **LAST CARD'S** cellar. **TIC TOC** (who was heard to comment "*Great salmon...oh, and Run, maestros*") told us a very sad story about a young girl picking lemons and **E-SHIT** enlightened us on his new hobby, making very large earrings for Africans. Another great night in the forest and a great effort by the Hares **SMILEY** and **GRAPE** (make that Grandad Grape who is developing into a bunch – Congratulations).
