

A MAXIMUS DIP AT BELROSE

Monday nighta quiet dead end street in the backwaters of Belrose was the setting for a gathering of forty nine prime athletes' cooled down by a soft mist of rain and looking forward to a great run followed by a lavish dinnerthey were not disappointed ..The hares , **SHEEP DIP and MAXIMUS MINIMUS** , assisted by the able committee excelled themselves on all accounts.

The runners and walkers set off on separate paths and joined up latter. **BUNNY TRAPPER** , believing there were naked nymphs down near the creek, led the walkers **DARWIN ,SANFRANSICO and IRISH** who is buying new running shorts this week ,down the walkers path they travelled and were joined by **CENTERPOINT** who is a regular on Hollywood Tonight , and **FRENCHIE, KING ARTHUR and W C** on the steep ascent home.

After bush bashing down the steep incline to the creek ..**SUPERGLUE, SALTPETER ,CINDERS and WITCHS TIT**, led the adventures across the wild rushing creek and even **LAST CARD LOUIS**, realised that going home with dry shoes was a lost cause and REAL hashman get wet shoes anyway..... ..**SCUD** was heard to say that if the river flooded any higher he may have to bring over his boat to rescue everyone.

After the crossing many went left... but the smart runners **SCOTSMAN and KHYBER, led by PRESIDENT CALICI** ,were not fooled by thisFurther into the run and after several river crossings **GOONSHOW** commented that with so much mountain water on his feet, his six year battle with tinea had now been cured.

On reaching the Cascades the final incident occurred and this event was so embarrassing it would not be documented by this scribe ,except that it was caught on camera by the intrepid Hash Photographer eagle eye **TIC TOC**.....a certain hashman who did resemble **JOCK the SOCK** ,in trying to avoid a wet feet crossing managed to actually fall and had to swim the crossing assisted by **CAPTAIN BLIGH**and then **YAKKITY YAK** ,having been constantly watching the Winter Olympics, thought he was playing in the Canadian Curling Team and skated across the water very impressively. **JUNGLE JIM** will this week quote on a new steel structural bridge to alleviate any future mishaps.

Back at dinner it was a black tie event(without the tie) with prawns ,rare roast beef , followed by exotic cheese platters .**PEE DUB** needs to be thanked for delivering the trailer and showing that his skills at erecting a tarpaulin still out weigh his joke ability . **E SHIT** did us all a favour by not showing us anything ..probably too small anyway. A great event on a grey night and full credit to the two hares **MAXIMUS MINIMUS** and **SHEEP DIP** who really excelled themselvesON ON
