

## Run 2228 BAMBOO ...LONG GRASS.....AND XXXX IN THE OLD QUARRY

Hornsby Heights was the venue for the young athletes at the old quarry .....  
**A beautiful balmy night with a well organised run and dinner by the very experienced Hare XXXX.** (are we being too kind here?).....The pack had been in training all week because his reputation for hard long runs was on everyone's mind , but on the night he excelled himself especially as summer is unfortunately rapidly fading.

The large fit pack took off down the valley..... where **LITTLE SHIT, MOISHE, CHANGI, LIGHTNING and PAY\_LING** found themselves lost in a field of long grass depicting those in Africa ,but no lions or tigers were seen.... only the arrival of **JUNGLE JIM and GRAPE APE**, those adventurers extraordinars , to lead the lost tribe out of the wilderness, saved the day.

Following the creek we passed a classic car wedged between two trees that even Hanoi Bill was heard to say he wouldn't restore.... **ILLUCIFER, MR NEAT and WANKER** managed to abseil up the steep gorge and after a steep climb out through the bamboo ..... **PILKO, BUMCRACK and Polly** worked their way home through the Hornsby Tafe College where they found themselves too over qualified to enrol in any course.

Meanwhile **TOOTH FAIRY, WRAPPER and KHYBER** found a long familiar ladder which led them back down into the valley and on towards home to the Great Australian Bush BBQ.

Back at the bucket **MAJOR DISASTER** was seen talking to a Bush Turkey and **VIRGINUS ILLEGITIMUS** commented that running and tennis on the same day was becoming just too much. .... To everyones amazement ...**CAREFREE** felt obliged to congratulate **XXXX** on the great run and steak.....

**KITTY LITTER** ,having won several marathons ,medals and long distance runs and receiving no acknowledgement from the Hash ,felt maybe he should be adopted by **CERTREPOINT** as his family achievements receive much more attention.**HOARSE WHISPER** felt very comfortable eating dinner next to a very large yellow Bulldozer and **GRAPE** paid for dinner from his Poker machine winnings.....while **YAKKITY and IAN** were overheard discussing next weeks great bush run.....

So another wonderful Monday night under the stars enjoying a great meal after a good Hash run and well done to the Hare **XXXX**.
