

## HANOI BILL AND COPRA DO THE HEIGHTS OF DEE WHY

A splendid night on the top car park at the Sheraton Hotel in Dee Why or was it the R S L Club car park.....

The Hares **HANOI and COPRA** planned a very good run and to everyone's surprise took us up to the hills of Dee Why and away from the predictable beaches.

**WRAPPER** in the first outing of his florescent work mans jacket led the pack down the stairs and out onto the streets and into home unit land. **SUPERGLUE and WITCHES TIT** found the early on backs and finally **DAVID CENTREPOINT SRATTON and SCUD** who is now moving to MOSMAN, led the pack up the hill to the lights of the Northern Beaches.

Up and up we climbed and **YAKKITY YAK, LARRY ADLER, SAN FRANCISO, MOISHE and PRESIDENT CALICI** were pacing themselves, preparing for the Tour De Nabiac Big Bike Ride they have entered next week. After finally reaching the summit we descended down towards the beach and when passing a retirement village **NAUTILUS and W C** mentioned that maybe the HASH should purchase the property and we could all make new friends every day, whilst **POLY UNSATURATED**, was overheard planning his extravagant overseas sojourn.

Closer to home **TARTAN, MASH and CAPTAIN BLIGH** found a shortcut through a shopping arcade and vowed to return and buy some cheap Asian Groceries tomorrow...while **SHEEP DIP and MAXIMUS MINIMUS** followed the main road home obviously enjoying the upmarket window shopping.

Back at the bucket **BUMCRACK** was giving **SCUD** some Hong Kong investment advice and **SIMMO** was telling **POLISH** that he was just about to discard his golf clubs into the river but he is still hoping to turn out like TIGER WOODS ...he just hasn't met the right barmaid yet.

Dinner was a Roast Meat and Chinese affair with no shortage of food for everyone and **DARWIN DON** gave us a very complicated computer lesson while the **KITTY LITTER** family, Father and Son showed us what a true down down should be .....

**PEE DUB** managed three jokes and we welcome back our international travelling Hash Photographer **MAX TIC TOC DEPANE**.

A great night in Dee Why .....no beach but a good run and great meal, organised by the young HARES **HANOI and COPRA**.....
