

## RUN 2235 - A VERY LITTLE BIT OF LITTLE ITALY IN MANLY VALE

Downtown Manly vale at the exotic CALABRIA Club was the setting for the **HARRIETTES** JOINT ANZAC DAY Run..... and what an enjoyable night it was.

The pack led by **WITCH'S TIT and WRAPPER**, who are both planning their big run in two weeks, took off along the beautiful secret river that eventually flows to Manly Lagoon.

**KITTY LITTER**, leaving late after finally doing his shoe laces up crossed the footbridge and surprisingly found himself leading the motley pack of LARRIKINS, HARRIETTES, SHARKS and the POSH across the oval.

**LIGHTNING and LOST PATROL** led the way up the stairs, stairs and more stairs while **LAST CARD LOUIS** managed to entertain a young American Harriette from Washington D C who just happened to be staying at Lindfield .....how did she get home?.....

On reaching Freshwater the pack was quite lost until **SPUD and HOARSE WHISPER**, who being old Surfies new the area and found the path home up more steps towards Manly.

On reaching the Golf Course the Walkers and Runners separated and several Posh who were in deep conversation with certain Harriettes decided to continue on the Walkers Trail to continue hearing all the stimulating discussions.....

Back at the club where **TIC TOC** kindly brought the bucket, **TOOTH FAIRY and KHYBER** commented on a good run considering it was set by two women.....while **CENTREPOINT** had to leave as there was a new Cohen Brothers movie on at Chatswood at 8.30.

Dinner at the club was a club affair and the Italian Food and Pizzas were actually quite good.

**JUNGLE JIM and PRESIDENT CALICI** were heard discussing their next big Bike Ride which would be so much steeper next time and comments were made by **MOTHER SUPERIOR** about certain shoes and the size of certain Penises.....all in all a great night organised by the SYDNEY HARRIETTES
