

Run 2238 - THE SPITTING IMAGE OF VIRGINUS ILLEGITIMUS

Winter almost arrived on Monday night at the Spit. A little damp and wet, but this didn't stop a large pack of Posmen from touring the sights of Mosman.

Along the foreshore the runners went and **SUPERGLUE, CINDERS** and **PLUNGER** instinctively took the trail through the bush, but this was not to be.

Local identity **CHASTITY BELT** saved the day and led the athletes on up the hill while Realtor TIC Mc GRATH TOC found several new properties for his portfolio and **YOUR CHOICE** was still recovering from his first weekend away.

Heading down to Balmoral **SWAMPEE and CAREFREE** gave an invitation to enter THEIR CLUB but everyone was looking forward to the special On On.

Even with some arrows washed away most people led by **TOOTH FAIRY and WRAPPER** found their way back to the bucket under the old oak tree ...is there a song there for **KAZZOO KITTY?**

Dinner was an upmarket affair, being in Mosman and **BUNNY, IRISH and KING ARTHUR** commented on the fresh Barramundi meal and even **SHEEP DIP**, having had a day at the dentist still managed to eat his favourite meal.

Everyone who went to Bathurst felt it was undoubtedly the best weekend away ever and the **walk around the Race Track was the highlight of a fantastic trip methodically organised by PRESIDENT CALICI** and his tireless Committee.

A great meal and night...was had,.. and we thank **VIRGINUS ILLEGITIMUS** and wish him a very happy 50th Wedding Anniversary.
