

RUN 2243 - CORN BEEF....BANTRY BAY....KHYBER ...WRAPPER.. AND PILKO....

The Annual **KHYBER, WRAPPER** Summer run in Winter was a grand occasion... Having been to the Turkish, German, Swedish and Bavarian Clubs we were now visiting the Scandinavian Club , maybe next year we will have to book the run through the Sydney Flight Centre.

Across the oval the pack headed... led by the usual suspects **CINDERS, BENNY, PLUNGER , SUPER and SALPETER**.....and of course this was incorrect and finally **COPRA and DARWIN** led everyone around the scout hall and onto the bush track.

POLY said the view reminded him of Tunisia while **YAKKITY** compared it to the SUNDAY Walk organised by **CAREFREE** and the Australian bush Walking President.

HANOI BILL took a short cut to nowhere and **PHILTHY led PRESIDENT CALICI** right up the garden path.

Crossing the Wakehurst parkway was a challenge... and **BTG and GOONSHOW** reminisced about Hong Kong Sunsets..... just amazing.

The track home along the pipeline reminded **DRUTT** of his trips to Womera and towards the end torches were required to avoid the water and tree routes .. are there any other kind .

Back at the Club, the Scandinavian Feast began..... **PILKO'S** Pumpkin Soup, Corn Beef, White Sauce and homemade Dessert.....**GRAPE** said.... good value for \$45 a head but not this time .

GOD KNOWS gave us the KUCHING SONG**JUNGLE** told us why he has the only car this lovely colour and **CAPTAIN BLIGH** talked of collecting his childhood M G....**SPUD** said he will eat every night at **PILKOS** and even **E SHIT** and **SMILEY** called in for supper, having smelt the dinner while driving home.....

Another special night organised by the hard working HARES **WRAPPER and KHYBER**
