

Slick's Run Report; 25th Nov, 2019, Run No 2737 Hares: Lightning, David Beck & Copra

Gentlemen Once again I have been dug up from the graveyard of retired On-Secs, rebirthed, resurrected and readied for a baptism of fire. **Castro** is out of town and has asked me to write up this week's run report, so let's start with:

Sunbeam-Talbot meaning a British motor manufacturing business. It built upmarket sports-saloon cars from 1935 to 1954 which were known to be quality cars at reasonable prices. Previously, as Clément-Talbot Ltd, it had manufactured Talbot cars since 1902. In 1938 they decided to name all cars made at their factories "Sunbeam Talbot" followed by the model logo.

As a new member Talbot had a somewhat unique christian name which the majority of Hashmen had never heard of before, apart from **Jungle Jim** of course who made the connection with **Sunbeam** motor cars and the rest was history.

1938 Talbot 3 Litre Tourer

The green 1938 Tourer is currently on sale in Germany for €179,000 Euros (\$290,000 AUD)!

Kicking Off

As most of you would be aware, it's been a rather sad week for the Posh with the deaths of **Farmer Jones** (Graham Donnelley) and President Geoff Webeck's wife **Lyn**.

Graham, who joined the Hash in 1967, passed away peacefully at the Sydney Adventist Hospital on Tuesday 19th November. His funeral service was held at the Northern Suburbs Crematorium just before today's run at 3.30 pm and was attended by many of his old Hash mates. At the request of Graham's family the Posh will make a donation to the Bernie Banton foundation of \$100 in lieu of flowers.

Lyn Webeck was a popular figure at any of the Hash social functions she attended. Her smiling face and friendly manner made her an easy person to warm to. Our thoughts are with Geoff at this very sad time. The funeral service will be held at Palm Chapel, Macquarie Park Crematorium. [Click here for directions](#) on Friday 29th Nov at 11.15 am

The Run

Tonight's run started at the corner of Bulara St & Mallowa Rd Duffys Forest. Assisting **Lightning** with the hare's duties were **Copra** and **David (Sunbeam's mate)**.

Well..... after all the bushfires and smoke hazes we've had recently who would have thought that, with the time closing in on 6:30pm, there would be thunder, lightning and pouring rain to deal with tonight. Instead of the usual pre-run social gatherings, Hashmen were confined to their cars waiting, wondering and hoping for the conditions to ease up.

And ease up they did! God must have been looking down upon us with sympathy because at 6:15pm the clouds moved on, the sun came out and Hashmen started preparing for tonight's run. Now that all the chalk had been washed away our hares and trail masters needed to come up with a new solution very quickly on how to set the run. Thankfully there was toilet paper in abundance and a new trail was laid.

A number of Poshmen had just returned from this year's Mekong Hash and they were wearing some very *loud* tee-shirts to prove it. The event was held in Chiang Mai Thailand but some thought it could have been Japan judging by the colours and style of their gear. Either way the returning members all looked to be in pretty good shape and no doubt had a great time overseas.

Length 5.7 km

No on backs to deal with here

But owing to the inclement weather there was plenty of newly formed mud and slush.

The OnOn

Once the run was finished and the bucket consumed it was time to head over to the Terrey Hills Tavern back on Mona Vale Rd, the venue for tonight's OnOn. Standard Pub tucker was on the menu along with beer served by an attractive young barmaid.

Yakkity being well served

personalised hash-shirts

Duckweave took charge of proceedings here tonight and immediately informed the group that, our stand-in President **Pilko** had been in hospital this past week but should be back at home again by the time you read this newsletter. You can't keep a good Poshman down.

He gave Down Downs to our hares **Lightning, David and Copra**

Down Downs were also given to a visiting Hash Couple from Panama, **Roger and Natalie** who actually made it all the way to Duffys Forrest for the run using public transport.

Pee Dub was not in attendance so there were no jokes to be told.

Natalie & Roger from Panama

Smiley brought along a squeeze ball tonight. They are claimed to help with blood circulation as well as easing stress and tension. The unusual thing about this ball was that it had been formed in the shape of Donald Trump's head. **Tic Toc** was keen to try it out.

Just hold it in the palm of your hand and squeeze!

A message from Molly;

if you ever end up in **Royal Nth Shore Hospital** please let **Molly** or **Hot Spot** know. They understand the workings of the place pretty well and may be able to help out.

The Funnies

I'm not a mechanic but it looks to me like the lower ball joints have dropped out!
