

SYDNEY HASH HOUSE HARRIERS

Ripper's Run Report 20th July Run 2760

Gentlemen,

It was a fine calm and cool night, perfect for a winter run in the upper North Shore. Sadly there were none of the old Blue Rinse Set present to show us the way; Foxface, Virginius, Pedantic and Lurch to name a few.

Copaphilia and Cinderella set an excellent run, it was extremely well marked though only chalk was used to the disappointment of Super who finds chalk messy when caught short. The territory was fantastic, some of the mansions we passed had to be seen to be believed, some old money there, and a few are on acreage greater than some new suburbs.

Early in the run we were blessed to have a couple of short stints on the Pacific Highway, perfect traffic air; the fine noses of 777 and Scupper consider the upper north shore vehicles are 60% petrol 25% diesel, 20% hot air and the rest electric.

We passed Knox College, of pedo teacher fame, the boys were clenched as we squeezed by, there were no reported molestations; which is not to say

Unfortunately for the hairs there was a ni-black fella in the woodpile; the Wanderers were enjoying their 800th run on the same night and it may be that the two trails crossed or came dangerously close to each other, that may account for some 'walkers' taking 90 minutes. Most runners were in around 80 mins.

The On On

The Turramurra Indian does a great curry meal and we had the best of it, Fish Curry, Eggplant and Wombat, echidna and Cassowary curry and Mine host and Ms mine host did a great job, social distancing was strictly enforced for serving the meal. Unfortunately the table place settings allowed 18" per person so the seating was close. A titter went through the crowd when the cry went up "Wallopers are downstairs" Sunbeam scrambled for a quiet corner to avoid the \$1k fine everyone may have enjoyed. It seems that Wallopers don't like stairs, so we skated by. It is suggested we all need to learn from this and not do it again. We were having a great time.....but....

Down Downs :

Plunger for being GranDaddy and Birthday in same week

Mine Host and Ms MH

Humor :

Wanker told a joke that had been rejected by PeeDub (and John West)

Wee Willie told a joke about willies which had a flaccid end to it.

Jungle told a porcine puppy joke

777 a joke about a generous lawyer

TicToc set a new record for the longest joke ever, it was a week joke, took nearly a week to tell it; it was topical, Indian, but poor Mrs Ghandi was the butt of it.

Next Weeks Run 4.00 pm Hare : Grape Ape No 2761

Run Start : JJ Melbourne reserve, end of Thompson Dr Off Kamber rd
Terry hills.

Near the Pony club, Other side of Mona vale rd from the Terry hills Tavern.

Start time: 4pm or earlier for walkers etc

Suggest walkers start early to avoid doing the less scenic short cut.

Special Note from Grape

The run will be the last summer run in winter. I have had a few goes this Hash year, 5, in trying to come up with a good run. Next Mondays run will be one and has a

lot of new trail, so I commend you to make it. Lots of good scenery so come early as the trail will be marked by 3 PM for those who don't want to mix it up with the mob.

The run / walk is about 90 minutes and worth coming early to avoid having to take the walkers shortcut which is just under an hour. There are no massif hills down or up, just great bush.

There may be a few sanitised nibbles to go with your beer at the bucket.

See you there.

A man takes his wife to get tested

Two days later, he gets a call from the lab.

Doctor: I'm sorry to inform you that your wife's test results were mixed up with another patient's. We're not sure if she has COVID-19 or Alzheimer's disease.

Man: So what am I supposed to do now?

Doctor: Take her for long walk and leave her. If she finds her way back home, don't open the door.

Be aware she can move in any direction

I'm going to pray like mom...oh God, oh God, don't stop, oh God, Jesus yes, oh god!

Why did the chicken cross the road?

Donald Trump: “I’ve been told by many sources, good sources - they’re very good sources – that the chicken crossed the road. All the Fake News wants to do is write nasty things about the road, but it’s a really good road. It’s a beautiful road. Everyone knows how beautiful it is.”

Joe Biden: “Why did the chicken do the . . . thing in the . . . you know the rest.”

Hillary Clinton: “What difference at this point does it make why the chicken crossed the road.”

George W. Bush: “We don’t really care why the chicken crossed the road. We just want to know if the chicken is on our side of the road or not. The chicken is either with us or against us. There is no middle ground here.”

Dick Cheney: “Where’s my gun?”

Bill Clinton: “I did not cross the road with that chicken.”

Dr Seuss: “Did the chicken cross the road? Did he cross it with a toad? Yes, the chicken crossed the road, but why it crossed I’ve not been told.”

Ernest Hemingway: “To die in the rain. Alone.”

Albert Einstein: Did the chicken really cross the road, or did the road move beneath the chicken?

Colonel Sanders: “Did I miss one?”
